Summerhill Road is a sought-after location in Bywong. The land has a gentle slope and the building entitlement is perfectly placed high on the block, making it the perfect location to build your home with energy efficient orientation to the North East. From a future residence you could overlook landscaped gardens and the family riding on an existing horse arena. Set over 5 acres this land has improved pastures and is complemented by boundary fencing and horse infrastructure. This blank canvas is perfectly positioned in the end of a quiet road.
