\$498 per week

A prime position right in heart of action so close and convenient to local shops, schools and parklands. Transportation options are right on your doorstep. Internally offers but not complete: - Very spacious bedroom with built in robes. - Fully equipped central bathroom. - Large kitchen with the bells and whistles. - Very generous living area with glass sliding doors to balcony. - Internal laundry facilities. - Single car space and storage cage. I would suggest this won't take long.
