\$620,000 - \$680,000

Be in awe by this cleverly converted 2 bedroom 2nd floor security apartment. In an early 20th century industrial building that was transformed by Pleysier Perkins Architects at the turn of the century, this amazing apartment reveals an impressive entrance that introduces the 3.8m approx ceilings, a substantial living and dining area extending out to the vast undercover terrace, a stylish marble kitchen with stainless steel appliances, a sensational bedroom with mirrored built in robes, a private study and a mosaic featured bathroom with laundry facilities. Retaining its solid brick externals, vintage windows and exposed pipework, this dynamic conversion is complemented with panel heating, video intercom, lift access, a storage cage and secure undercover parking. Hidden in the quiet back streets, just around the corner from Richmond station and a world of trendy cafes, sandwich shops, fine restaurants, iconic pubs and the thriving nightlife on Swan Street, while just a short stroll through Yarra Park to the MCG.
