Welcome to your own private oasis in this serene and picturesque location. This immaculately presented acreage/semi-rural property is a true gem, offering the perfect blend of luxury, privacy, and tranquillity. With 4 bedrooms, 2.5 bathrooms, and ample parking for numerous vehicles, this property has more than enough space for you and your loved ones to spread out and relax. The property is nestled on a massive 3000m² block, giving you plenty of space for all the toys. There is good side access to the huge triple shed and more than enough room to install a pool if required. Situated in a very quiet pocket, but being only a short drive to shops, schools, transport, highway and train links, makes this the perfect lifestyle choice. Within the home there are multiple living areas, a beautiful open-plan kitchen/family/dining area, 2 separate lounge areas, 4 large bedrooms - master with ensuite and large walk-in robes, ducted A/C, Plantation shutters and many more desirable features that will impress the most discerning buyer. There are an abundance of fruit trees producing bananas, dragon-fruit, oranges, lemons, limes, papaya, and all irrigated by several water tanks. In addition, there is a 7.2kw solar system that generates enough power to reduce your electricity bills to basically zero. Ideally suited to a family, the home would also be perfect for a tradie with vehicles to store. The motivated vendor will consider all reasonable offers.
