This is without doubt the best apartment complex that I have seen in Perth. The facilities are second to none and you will feel like you are living in a brand new ultra luxury resort. It actually has to be seen to be believed! With most apartments owner occupied this is a rare opportunity to rent in this incredible complex and enjoy all that it has to offer without having to pay strata fees. Featuring 2 bedrooms and 2 bathrooms, apartment 109 offers towering high ceilings and full height double glazed commercial windows opening onto a private balcony. Reverse cycle air conditioning, alarm system and stunning flooring add to the luxury feel. The Gaggenau kitchen appliances are beautiful, with induction cook top, electric oven, convection microwave and integrated fridge and freezer. The 2 bathrooms are tiled to full height and the tap ware is to die for and must be seen! (NOTE : No Pets Allowed) Be quick to secure this apartment as very few will have the opportunity to rent at this address and enjoy one of Perth's best lifestyles!
