'Aniseed' - Rare Offering Located In The Tightly Held 'Promised Land'

NSW Sotheby's International Realty are delighted to welcome to the market 'Aniseed'. Situated in the renowned Promised Land and set within a magnificent backdrop overlooking the Great Dividing Range, 'Aniseed' is 13.34ha (33 acres) and just 9 minutes to beautiful Bellingen and 25 minutes to Coffs Harbour and all its amenities, including picturesque beaches and domestic airport with daily flights, all via sealed road access.

The main homestead is a contemporary and wonderfully appointed 5-bedroom, 2-bathroom home overlooking the north facing resort style pool and all set within mature manicured gardens. 2 beautifully appointed self-contained guest villas compliment the main homestead, each with their own separate access, outdoor spa baths and also tastefully appointed. This outstanding property also offers 234,000 litres of water storage, 12kw solar system plus mains power and access to the Never Never creek. The added bonus of crystal-clear swimming holes that are known for their resident Platypus being located just across the road, 'Aniseed' presents an outstanding opportunity for those who seek something truly special that is rarely found and highly sought. We invite you to come and explore everything that this remarkable property has to offer.
