The existing owners have collaborated with Colliere Architecture to develop sky homes in a luxury complex, in which they and their architect will have their personal homes. The project has been envisaged and is being developed "by owners for owners". As such, it's design and planning has been undertaken with utmost care and a fastidious attention to each detail required to provide an enviable living experience. The four and three bedroom designs have an expansive outdoor terrace which offers you the choice of different floor plans with a focus on livability and outlook. Apartments also offer dual key living, ideal as a separate guest quarter or for a live-in carer; ensuring flexible design options that allow you to choose how you want to live. 8 Parker presents a small diversified collection of grand residences all with lavish entertainment areas. Bask in the glory of uninterrupted views from exceptionally large, north-facing terraces, set against refined elegance of these masterpieces. Complimenting sweeping views across the Swan is an impeccable selection of curated finishes refined by the internationally acclaimed interior design specialists from Cox International. Expanses of luxurious travertine flooring meet under-lit timber islands featuring luxurious marble bench tops. Effortless, open plan design accentuates these vast spaces in which full floor to ceiling glass doors offer residents a seamless fusion of indoor and outdoor living space, and a house-like entertainment environment quite unlike any other in this beautiful city. Living will never be the same again. For a private and strictly confidential meeting contact Meryl Carter 0438 444 000.
