\$340/week

Great opportunity to get yourself a neat, tidy and affordable new home in a great location! The bus stops right outside, the main street is only moments away, the train station right next to it, and if that's not enough - just behind is the Edgar's Creek trail that takes you to nearby recreation centres and parkland! A lovely compact property that has been well looked after, there is a light filled lounge room with polished timber flooring and split system aircon to keep you comfortable year round. Adjoining is a good sized kitchen with a full sized gas stove and oven and plenty of bench space. The bedroom is spacious with large built in robes providing plenty of storage. A shower over bath in the bathroom completes the picture. Outside is a courtyard garden area which is covered for year round enjoyment. Don't delay - affordable living is too hard to find, and this is a nice property that will make a great home.
