PRICE REDUCED FOR QUICK SALE Perfectly orientated, and close to town, this large internal North-facing block is just begging to be developed into the house block you've always wanted. With a rural outlook and just over 1000m² (half the block) available to build permanent structures on, this is an exciting block with great potential. Utilise the remainder of your land to develop your garden to maximise and enjoy your space and outlook. Set amongst other large blocks, you'll think you're living a rural lifestyle, but still be only 1.4km to the centre of town. With its vibrant centre, St Helens offers wonderful lifestyle adventures with fishing, surfing, diving, mountain biking, bushwalking, wine-trails and various tourist ventures on its doorstep. The fully serviced town is the largest centre on the East Coast, and is a magnet for a wide demographic due to its facilities, climate, lifestyle and bright future. For further information or to discuss viewing this great block, call me today.
