Looking for a waterfront property? This two story property should be first on your list to inspect!!The house is situated in a quiet cul de sac with only five other owner occupied properties. It is also walking distance to Corroboree Park, the golf course, town and the jetty. The entry brings me to the first floor which has two bedrooms and a great size study. The master is large and has air-con, a dressing room, a lovely ensuite, access to the deck and a gorgeous view of the water.The main bathroom, located at the bottom of the stairs, is filled with light and a great size.Up the wooden staircase and my first impression is wow, it's huge! Then the view entices you out to the large deck facing east. The sunrises here must be spectacular! Back inside and the huge kitchen is a dream. The dining room is open to the kitchen and at the top of the stairs. The rest of the room is dedicated to the lounge. There is glass all along the living area and glass balustrading so the view is visible from everywhere. Love it!!Back downstairs and there is a large storage area under the house and a drive through garage for two cars. The tinny can be backed straight into the water from here. There are lovely gardens all around and the grass front and back is like a green carpet.Motivated Vendors want this property GONE!!Contact Kerrie today to enquire and book your inspection, 0401 575 274
