Positioned a short stroll from the tranquil waters of the bay and tucked away in a quiet residential cul-de-sac, this meticulously maintained home is a testament to its owners. The white picket fence, lush greenery, and water feature upon entry to the property set a beautiful scene. Featuring 3 bedrooms, 2 bathrooms, ample undercover parking, multiple outdoor entertaining zones, and an enviable workshop, this home is perfectly equipped to embrace the stunning Tin Can Bay lifestyle. Upon entering the home, you are greeted by a spacious open-plan living area featuring plantation shutters at the front, gorgeous tiled floors, and a stunning kitchen with ample bench space, storage, and style. With built-in Miele appliances, you can instantly sense luxury and beautiful design, complemented by air-conditioning. It is an inviting space that sets the tone for the rest of the home. The air-conditioned primary bedroom is spacious and features built-in cabinetry with gorgeous pendant feature lighting, perfect for setting an ambient mood. Large sliding mirrored robes offer practical and ample storage solutions, and the built-in dresser provides the perfect place to get ready for the day with additional storage. The sliding door to the back patio offers easy access for enjoying a morning coffee. Two additional bedrooms both feature fans and built-in robes. Both rooms are a good size, and the second bedroom, with double doors, is positioned off the open-plan living area. This gives the space versatility, making it ideal as a media room, home office, or craft room. Another great feature is the built-in cabinetry at the rear of the home, providing plenty of space for two people to set up home offices. The main bathroom is generous in size and features floor-to-ceiling tiles, a large open-concept shower, and a generous vanity with ample bench and drawer storage. The beautiful tile and cabinetry choices ensure this bathroom will feel fresh and modernized for years to come. A large undercover verandah wraps around the entire home, offering numerous spots to enjoy outdoor entertaining, making the space feel expansive and inviting. The undercover carport extends all the way to the rear of the yard, where a large additional carport is the perfect place for boat or van accommodation. The backyard is perfectly set up for the workshop lover with a powered workshop. Sliding door access, tiled floors, a ceiling fan, and air-conditioning ensure you can spend hours tinkering in pure comfort. An additional bathroom at the rear of the workshop makes this a fully self-contained space. Absolutely the perfect spot to relax and enjoy, this home is certainly worth a look.
