Manuel Serrano

\$760,000

Fastidiously maintained home by its original owners and located in a whisper quiet street. Offering two separate living areas, although if a 4th bedroom is important it would be ideal for that as well. The front lounge room, dining room are open plan and spacious. The location is central to schools, shops and transport. If you like the beach you are only a 1200m walk away from Barrack Points famous Blacks Beach. There is plenty of side access for a future double garage and caravan/boat/trailer access on a near level 580m² block. The home is ready to live in as is, no work required here. Simply move your belongings in and start enjoying your new surroundings. This is one of Barrack Heights most sought after locations. Available 7 Days By Appointment or Look for our Open Houses.
