Nestled within the sought-after Poplar's Estate in West Orange, 11 Centennial Crescent stands as a testament to modern living. This home offers four bedrooms, two bathrooms, and two spacious living areas, alongside a double garage and an additional garage/workshop. Elevated on the high side of the street, this residence boasts captivating curb appeal with landscaped gardens and retaining walls. The property sits on a generous 857m² block, featuring a sizable backyard and a versatile 5.1x6.1 workshop/shed with lighting, power, and drive-through access, ideal for storing recreational vehicles or serving as a creative studio. Indoor comfort is assured with ducted gas heating and three split-system reverse cycle air conditioners. The heart of the home lies in the open-plan living, kitchen, and dining area, which seamlessly connects to an expansive alfresco retreat. Complete with manually operated blinds; the alfresco space invites year-round enjoyment while providing shelter from the elements. The kitchen is spacious, functional, and well appointed, boasting stone benchtops, a 900mm stainless steel stove, an island bench with waterfall edges, and modern appliances including a dishwasher. Whether you're a family seeking space and comfort or retirees longing for tranquility, 11 Centennial Way offers an exceptional opportunity. Properties in this coveted area don't last long.
