Offering 357sqm, the block offers an affordable option for those wishing to enter the market. The location is exceptionally convenient, with easy access to the Lara station for those commuting to Melbourne for work; and boasts direct access to the Geelong City centre. The land is titled and ready to build on, making it a great option for the first home buyer or the investor. Set in the Austin estate, the property is moments from schools, parkland, sporting facilities, and the local shopping precinct. Buy, build and hold for the future; history shows the early adopters are those that benefit greatly in the mid to long term.
