Located in one of Buderim's most desirable neighbourhoods, leafy Fountain Road, surrounded by prestigious properties, is this cosy highset home on an 824m² block with a prized north-easterly aspect filling the home with natural light, circulating gentle sea breezes, and showcasing ocean and coastal skyline views. The home itself comprises enclosed balcony/sunroom at entry with sea vista, two bedrooms, bathroom/laundry combo, separate toilet, functional kitchen, open plan living and dining, double lock up garage (under) and single carport – which could be enclosed to create an additional room. Although quite basic inside it is comfortable and liveable 'as is' with potential to renovate; existing features include split system air-conditioning in living, timber flooring throughout, security screen door, generous storage space in garage, and side access to lock-up garden shed. Currently tenanted until the end of 2024 – you can benefit from rental returns whilst you decide whether to renovate, rebuild, or continue to land-bank in this desirable 'on top' location in one of the Sunshine Coast's most sought-after postcodes. From here you can walk to Wirreanda Park with its majestic figs, local shops including IGA, bus stop, and there's a shortcut to Immanuel Lutheran College – the village and local primary school is less than a five-minute drive, and it's only six minutes to the university, Matthew Flinders Anglican College and Siena Catholic school; an ultra-family-friendly location. Alexandra Headland and Mooloolaba beaches are just a scenic 10-minute drive down the hill, it's only 12 minutes to Sunshine Plaza and the exciting emerging Maroochy CBD, 15 minutes to the airport, and 17 minutes to major public and private hospitals. Investor owner is highly motivated to sell, and this is a winning location in every sense; you cannot overcapitalise in this pocket of Buderim. Act today and reap future rewards.

- Highset home on 824m² in desirable leafy street
