Bedrooms: 4

Bathrooms: 2

Parkings: 2

Area: 721 m²

Type: House

\$629,000

This big home is located in one of those lovely, quiet South Orange streets hidden away from the hustle and bustle but still handy to the Hospital, James Sheahan High School and with easy access to Cadia Mine. The split-level home is nicely elevated and has plenty of potential to upgrade and make it a truly fantastic family home. As is the norm with homes of this era, the living rooms are all spacious and very useable. There is a light and bright lounge and dining area that overlook the park across the road, the kitchen is spacious with a walk-in pantry and there is a second living space plus a large sunny sunroom and mudroom. There are three bedrooms and the main three-way bathroom upstairs, with the fourth bedroom or studio/office and a second bathroom downstairs. Outside there is an oversized double garage and a nice sized yard with established trees dotted around. Inspections are very easily arranged so come and see for yourself what's on offer here.
