This home is perfect for the young family, with plenty of room to play on the 836m block. The front yard provides ample room for a shed and pool with easy access. Genuine hardwood floors throughout the home with white walls set the tone for a Coastal Hamptons beach vibe, with a new kitchen, stone benchtops and breakfast bar out to the deck. The living room features raked scissor truss ceilings which provide a sense of space and assists with keeping the house at a cool ambient temperature with the ample sliding doors out to the wrap around deck. The master bedroom with ensuite and access to the deck, as large room features an hardwood beam and an abundance of natural light, with two other bedrooms in the home serviced by a second bathroom. The conversion of the carport adds an airconditioned 4th bedroom / study or home office with separate entry - ideal for the older child, guests or work from home space.
