If you are looking for a treechange with some space to really spread out, then look no further than this 10,000m² small acreage residence in a quiet area at the end of a cul de sac in the popular area of Kensington Grove. The residence is ideal for a family with 4 built in bedrooms and has a spacious walk through bathroom that is modern and light filled. Both practical and comfortable, the home has 2 air conditioners, a wood stove, a central wide galley kitchen overlooking the lounge on one side and the dining on the other and is truly the hub of the home complete with a gas cooktop and rangehood overhead. Situated at the front of the block, the home itself has a good driveway access to the shed at the rear and the rest of the fenced acreage. There is 3 phase power and a 6m x 6m concrete floor shed great for storage or a workshop. Located with a gazetted roadway at the rear, this property might also be suitable for development into the future with the Fairways Estate at Kensington Grove located close to the rear boundary.
