Wow! What a beautiful view to wake up to every morning. This family home is located in a quiet no through road positioned high to take in the fabulous views of Brisbane Water. On one level, you have the lounge/dining and kitchen area leading out to a large covered deck with is fabulous for entertaining of just relaxing at the end of the day and soaking up the ambiance. Next mini level gives you three bedrooms with a bathroom and separate toilet. Ensuite to the master and another living area that are on another level again, giving you a parent's retreat. There is plenty of room for all the family. Ducted air conditioning upstairs will keep you comfortable all year round, but the property itself will give you a holiday feel home that is a must to see! Air con on bottom level is NOT included at this point.
