This beautiful Colonial era Cottage is lovely and private and nestled behind manicured hedging and Oak trees. It is a solid 2-bedroom timber home on steel stumps and with an iron roof. This is a great location at the base of Mount Marley. The home has recently been uplifted with new paint inside and out as well as some new flooring and general maintenance to bring the property back to its original glory. Inside is comfortable with a good-sized living area, kitchen with plenty of storage space, modern bathroom and 2 bedrooms (one with a built-in robe). The full width front verandah is ideal for relaxing and entertaining your friends. House is heated by a central wood fire box. The large shed has been made into living and storage space plus kitchen and bathroom. The block is relatively big with plenty of established trees and bushes providing privacy from the road and neighbours. Great location, only a short walk into town and Mount Marley. Ideal for a small family or Airbnb. To organise an inspection call Logan Steele on 4681 3311
