This beautifully updated home offers the perfect combination of modern comfort and charming character. Located in a tightly held pocket of Wendouree, this property is perfect for first home buyers, downsizers or investors. • Step inside the front door and be greeted by a spacious living area bathed in natural light, perfect for relaxing with loved ones. The carefully crafted interior design combines modern elements with traditional charm, creating a unique and welcoming ambiance throughout the home. • The heart of this residence lies in its bright kitchen, featuring ample countertop space and storage, making meal preparation a joyous experience. • The home features three spacious bedrooms all with built in robes offering ample storage space for clothing and other belongings. • The large family bathroom has been updated and offers shower, bath and separate toilet. • Keep comfortable all year round with gas central heating. • As you step outside, a meticulously manicured front and backyard await, plus there is a double lock up carport that doubles as a great alfresco space, making entertaining friends and family a breeze. • The enclosed rear yard also offers a gardens shed and low maintenance gardens. • Don't miss the opportunity to own this character-filled home, where new memories are waiting to be made.
