Located in a very quiet, Innes Lake street and with a protected reserve at the rear, this completely level home offers a lifestyle of picturesque serenity. Set back from the street with a private frontage, the neat and established gardens set the scene for the overall, immaculate presentation, inside and out. You are greeted by a large, light filled, open plan lounge and dining on entry, air conditioned for year-round comfort. The well-equipped kitchen has been updated and features a large, plumbed-in fridge space, brand new Bosch dishwasher, electric oven, four burner gas cooktop and an abundance of storage. The king-sized master suite is at the rear of the home, with its own air-conditioner, four door mirrored robes and an ensuite with neutral tones. The remaining two bedrooms will accommodate a queen-sized bed, have ceiling fans and triple built-in robes and are serviced by a centrally positioned main bathroom with a large vanity and good storage. Without a doubt, one of the outstanding features of this great home is the outdoors with a large, undercover deck that leads from the dining and overlooks the beautiful lawns, gardens and reserve. There are also two garden sheds to store all the tools, plus a Greenhouse for those that love to grow their own plants.
