Looking for a really good quality family home that's only 11 years old, where the kids can walk to school, shops and parks? The home is set on a 884m² block and although it is fully fenced, the yard is a blank canvas for you to create your own domain. Set on adjustable steel stumps and clad with corrugated colorbond, this is the ideal low maintenance home. Large sliding stacker doors give access from the living area to the large outdoor living space, which could also easily be used as car accommodation. Another carport exists along with a garden shed complete with concrete floor. Lovely old style window shades help give the home character. The living area as well as the Master Bedroom have reverse cycle air conditioning for year round comfort.
