A good excuse to buy some new furniture would be to buy this ripper home where you can really spread out. Lets face it, you'll need some furniture and belongings to full this spacious 4 bedroom home in quiet Surf Court. A nice sized 864m² block will give you all the room to move in the yard as well. Surf Court is an extremely quiet street and this spacious home & yard will serve you well for decades. A lovely kitchen is the focal point of the home with a 900mm wide gas cooktop & oven, built in pantry & space for a two door fridge. The north facing living areas capture the very welcome winter sun. Ample decking on North & East sides compliments this well built home.
