\$725,000

If a large family home is what you have been searching for then search no more. This big brick beauty has all your needs covered. With 896sqm to work with there is so much more value to add to this already existing home. 4 Bedrooms, 2 bathrooms, 2 car garage and an extended work station are a list of criteria a lot of buyers are looking for. Three of the bedrooms are queen size with built-ins and the master is king size with an ensuite. Multiple living areas separate the family along with an additional dining room that completes the already large and spacious kitchen. The extra space in the garage has been conveniently structured as an office for those who can work from home or could be converted back into an excellent workshop. Side access has been a highly regarded feature for most buyers and this won't disappoint. The huge 896sqm parcel of land extends all the way down to the back yard with multiple fruit trees and shaded areas to entertain. An extended patio across the width of the home and verandah wrapping around continuing the full length of the house are just some of the long list of attributes this family home has to offer. Close to schools, public transport just minutes walk away and Peninsula fair shops around the corner there is a lot on offer here in Willow St.
