A penthouse property like none other in the market today. Situated on the Southern end of Queensland's Sunshine Coast, The Horizon is a coastal penthouse that is simply unrivalled in its size, views and finishes. Spread over two levels, this 639m² penthouse creates an impression of supreme quality and bespoke design from the moment you arrive via the private-level lift entrance. With views that stretch from the mountain-silhouetted west, across to Moreton Island and then onto a seemingly infinite horizon of blue, Pacific Ocean vistas, there is not a room within the residence that does not instantaneously connect you with the wonders of the surrounding coastal nature. Whilst apartment living provides a suite of life-simplifying benefits, rarely does it have a genuine ability to create the ambiance of being a true home. The Horizon however, via its range of incredibly executed living areas and substantially sized sleeping quarters, gives you the impression that you are simply not within the confines of an apartment but instead inside an expansive family home. With an 18-month renovation of the residence now complete, The Horizon is ready for an owner who is seeking to find not only a new home that personifies premium living but is equally as incredible in its styling and finish. For further information on this unrivalled coastal penthouse, please visit our dedicated property site: www.thehorizon.nkcproperty.com Property available for private inspection only, please contact agent to arrange.
