On entering the apartment, the spacious design and 2.7m ceiling height is amplified by the natural light throughout. The kitchen is positioned for ease in entertaining, flowing directly onto your centrally positioned dining area. The master suite encompasses a modern and stylish bathroom and walk-in-robe, plus with premium carpeting it becomes a spacious and private retreat. The second bedroom sits adjacent the main bathroom and is of ample size and includes built-in robes. Highpoint also offers all residents exclusive access to two private entertaining areas, the terrace garden, entertainment and barbeque area on the level three podium and sitting 165m above sea level, the spectacular rooftop terrace entertaining space which offer 90m<sup>2</sup> of expansive 360 degree views that take in the ocean, Lake Macquarie and mountain ranges to the west. Highpoint is the tallest building in the Lake Macquarie region, setting the benchmark for apartment living, not only in Charlestown but across the greater region. Developed and built by renowned local company GWH.
