\$610,000 - \$650,000

A contemporary way to appreciate all the character of Footscray, 'Riverina' aims to be more than merely an address. Rather, it creates exceptional environs and ensures enjoyment of its style, its sights and its facilities in an ideal city edge setting. This substantial three bedroom, two bathroom apartment makes the most of such enviable surroundings throughout inviting spaces accompanied by a full-width balcony where the views stretch along the Maribyrnong River and reach across the city skyline. The living/dining area's open-plan kitchen, split system heating/cooling and seamless access to the balcony complement its dimensions while the accommodation includes a generous main suite and two bedrooms with individual balcony access and built-in robes. A residents' roof-top featuring a pool, gym, sauna and BBQ areas offers its own brilliant views from a building that also delivers complete security and provides this alluring apartment with the convenience of two car spaces and two storage cages. Appreciate Riverina – a way to live, not just a place to live.
