The material palette most clearly exemplifies the property's contemporary credentials. Notable for its hardwood flooring, flameless rainfall shower, and floating stone bench tops - this compilation adds elements of luxury, detail, and design. The open concept composition facilitates living, dining, and entertaining within a single cohesive space. Low-maintenance priorities are clear, and the property takes this approach with evident success. Accommodation comprises two bedrooms with BIR and a shared bathroom. Finishing the floor plan is a Euro laundry and balcony. Amenities include an indoor cinema, business/guest lounge, private dining, Teppanyaki BBQ grill, and a pool-size spa overlooking the city skyline. From this acclaimed position in the heart of Melbourne, walk to DFO South Wharf, Melbourne Convention and Exhibition Centre, South Melbourne Market, Federation Square, and other Melbourne landmarks.
