A incredibly serene property set among Aussie bushland only half an hour from a major rural centre is an opportunity for anyone looking for a lifestyle change. The vendors have created a perfect place to enjoy your solitude with ecologically sound practices on forty acres of undulating land. There is a very livable shed with an adjoining carport, front verandah, shower and composting toilet and a water tank at each end. Two shipping containers are joined by a roof providing another covered area. A comfortable caravan with a private garden area is part of the deal. There has already been a large area cleared providing an ideal place to build a fabulous home in the future. This space has a tank set up and ready to build a shed to fill it up. The established dam is at the back of the property and a new dam is at the front making water easily accessible. This fabulous rural retreat is completely off-grid. Please contact me to arrange a private inspection.
