From \$569,000

This is sensational! A beautifully presented home. A massive patio with real room for entertaining. A 640sqm block with side access to... A huge workshop that offers so much room for everything! This is seriously impressive. **LIVING HERE** This one has everything going for it. Check out the floor plan and see it for yourself. We've got this real indoor/outdoor thing going on here. The whole thing just works so well for comfortable family living. There's a real open design to the main living space and it all flows together beautifully. The lounge room at the front of the home offers plenty of space for that big comfy couch. The whole home has ducted reverse cycle air conditioning and the solar panels are on the roof doing their thing and working to keep the costs down. Perfect! Out the back there's serious space for entertaining and that workshop is really where it's all at. It's a 640sqm block with side access for the caravan, drive through access for getting out to that workshop. It's all been beautifully done and the workshop and patio are less than four years old. Everything is just spot on. **WHERE IT IS** Close to so much! Get on the map and see just how practical this position is. We've got the primary school just moments up the street. Easy walking to the shops, restaurants, supermarkets and more. Sensational! **WHAT NEXT** Hit the email agent button at the bottom of this webpage and we will be in touch with you to make a time to see it for yourself.
