\$997,000

They just don't make any more of these... the original beach house, the stuff of old fashioned beach holidays and many happy memories with generations of family and friends. So to find an offering in such pristine original condition, and in such a fantastically convenient location, on a full sized allotment close to heritage rainforest, the eagerly anticipated new incarnation of the Segers Reef hotel, the Bowling club and Iluka town centre is without doubt.... as good as it gets! Owned and loved by the same family for the last 49 years ! This gem is also to be sold fully furnished, ready for the new owners to pick up the keys and enjoy. Flawlessly presented in immaculate condition, this is testament if ever there was to the love and pride our owners have imparted, not to mention the rarity of this offering to the market. Inspections are an absolute must, but be quick..... this slice of north coast yesteryear will not last long.....
