It has dual key access and an internal door, giving the owner an option as it is designed to have two separate occupants or one bigger family as required. An owner can live in one and enjoy an income by renting out the other. One apartment is a one bedroom unit and the other is a bed-sitter both connected with a foyer entry room. The apartment is beautifully presented and fully equipped with excellent quality fittings and furniture. The stylish kitchen includes a stone bench top, stainless steel appliances and dishwasher. There is also a private balcony to relax on and soak up the wonderful atmosphere and sea breezes. Centrally located in the city there are excellent options to either owner occupy, lease out privately or leave as serviced apartment with excellent investment returns.
