\$570,000 - \$620,000

This secure centrally located apartment is peacefully positioned and found with high-quality fixtures and fittings. The property itself comprises an open plan living design and provides the astute buyer with the confidence to purchase by not only the location but the quality of the build. Perched perfectly above all amenities, the best of Bayside living is at your fingertips, with your morning latte and gourmet groceries just a few strides away and a train station that's practically your personal gateway to the city. Low-maintenance luxury has never been so convenient. As you walk through the front door you are greeted with timber floors which cover the open living and kitchen area, they walk you through into the well appointed kitchen found with stainless steel appliances, stone benchtops and eloquent flow created by the courtyard area which overlooks the central gardenscapes of the designer outdoor area. The master is privately located to the rear of the apartment, and is adjoining to the central bathroom with a large shower and toilet. The added extras offer BIR's, split system AC/heating, separate toilet storage cage and individual car space. Whether you are a first home buyer, investor, downsizer or just looking for a private, secure property, this home is for you.
