This beautiful property was built by the current owners and has been owner occupied since then. But fortunately for you this home has now come on the market for the first time, making now the perfect time to inspect if you are wanting a home to move into with nothing to do. All boxes are ticked from the time you step into the large fully tiled lounge room, overlooking the low maintenance front gardens. This area leads to the dining/family room, which is fully air conditioned for the changing weather. The galley style kitchen has all electric appliances, including a dishwasher and looks onto the covered patio area. All four bedrooms are off this area and are fully carpeted, built in and have ceiling fans. The master bedroom has a full wall of cupboards, is air conditioned and has an ensuite. The master bathroom is tastefully decorated and with a bathtub. Step out to the large covered patio area, ideal for the warmer months, where you can enjoy a BBQ with family and friends. Double garage with remote control door and laundry. Garden shed and water tank. The backyard is fully fenced. This property is immaculate and won't last long on the market, so organise your inspection today!
