The Celestia is a great entertainer with the entire rear of the home dedicated to host parties, events, or your week-night dinners. With easy access to the alfresco, the open plan living/dining is the perfect space for the family to enjoy together. The kitchen overlooks the living areas and there's a larder for extra storage, space and food prep. The master suite of this design offers a hidden walk-in-robe and faces the ensuite, a unique and smart use of the space. The three minor bedrooms run down the side of the home, opposite to the master, offering a semi-independent living dynamic. With a theatre at the front of the home, there's still space to escape from all the action out the back and retreat with a movie and a vino. - Home Theatre- Double Garage- Built-In Robes- Double Walk-In Robes- Walk-In Linen Take advantage of our fast-tracked pre-construction with titles due!
