'Custom Built To Last!' It's what every home buyer is looking for but very hard to find! A large, extended 4 bedroom family home with a superb floorplan. An inviting home with a central hallway leading to an impressive living zone. You can spend long days lounging and relaxing in this sun soaked most beautiful room. The custom built timber kitchen is central to this room and is absolutely timeless. The North facing back garden flows perfectly from this space. With an undercover wrap around pergola it provides the ultimate Alfresco/BBQ area. The established garden tops it off. A Studio Pod at the rear of the back garden is a bonus. Don't miss your opportunity to inspect. Call Brian on 0432 343 873 or at the office on 9300 4077.
