Situated on 1,553 M2 of fully fenced land on Granite Belt Drive in the hub of The Summit Village precinct, this property could be utilised as retail or offices. Even though the building is in a poor condition, the position and street front access with the old fashioned awning over the footpath is both convenient and accessible. Located on the 'Tourist Drive', this could be great exposure for your business. The residence is comfortable and as it is recessed from the street, it offers peace and quiet
