\$500,000

Built in an era when things were made to last, this much-loved family home, with its double brick walls and generously proportioned rooms will provide a wonderful space, for years to come, for its new owners. Backing onto farmland and enveloped by a large yard with side road access, 118 Torres Street, Newborough offers you a sense of peace and quiet, inside and out. Enter via the comforting lounge room with gas log heating to the timber kitchen with lots of windows to let the natural light in and space for casual dining. The kitchen flows through to a large family room, with room for a second dining space. The beautiful parquet flooring (a feature throughout most of the home) offers durability, while the split system air conditioning and second gas log heater provides comfort all year 'round. The master bedroom features its own split system plus a walk-through robe to the ensuite. A further two bedrooms are fitted with built-in robes and both access the main bathroom. If you are still working from home or need another getaway space there is also a study incorporated into this practical floor plan. The wrap-around verandah provides shelter to the double carport and workshop, all under roofline. This welcoming home is close to both pre and primary schools, indoor and outdoor sporting facilities as well as convenience shopping. Call to book your private inspection today.
