\$937,500

Presenting as an appealing picture of style and comfort, this instantly loveable single-level three-bedroom home represents outstanding value in a sought-after lifestyle pocket. Bright, beautiful and contemporary styled with polished timber floorboards, loads of uplifting natural light, modern two-way family bathroom and a stylish kitchen enhanced with quality stainless steel appliances and a fantastic walk-in pantry, the home's immaculately-kept condition allows the professional couple, young family and empty nesters to move straight in without a worry in the world. Curl up with the kids in front of the lounge room's gas fireplace, while a direct view across the large grassed backyard from the radiant dining and separate living area means you can keep an eye on the kids playing outside from a distance. A sunny paved outdoor entertaining area has summertime BBQs written all over it, while three spacious bedrooms, separate laundry, split-system heating/cooling, period accents, double garage plus extra off-street parking space are further highlights. Sited on a generous 626.7sqm (approx.) garden block, there's also scope to rebuild or redevelop (STCA) in a desirable location within short walking distance of the scenic Darebin Creek Trail, Cyril Cummins Reserve, Bell Street buses and Bell Street Mall and just minutes from Northland Shopping Centre, Ivanhoe Plaza, excellent schools, trendy cafes, Heidelberg train station, La Trobe University and the Heidelberg medical precinct.
