\$710,000

This 3 bedroom and 2 bathroom family home is located on a quiet cul de sac and has plenty of space for you to expand. The house has been sited towards the rear of the block leaving room for a shed or parking on the 768sqm site. The house contains quality fixtures and fittings. No lawn mower is required as this property has a low maintenance, reticulated garden with synthetic turf. Built in 2010 the house is constructed of Steel frame with Colorbond cladding and gyprock internally and features 9.1kw solar panels. The house has planning approval for short stay accommodation in place, and being sold with the furniture this could be either your new home or your winter getaway. More photos to come in 2024! To view this property please call Mark Lucas on 0439 494 481 or email mark@raywhiteexmouth.com
