\$680,000 - \$740,000

Featured in The Design Files, this lofty Northcote apartment has undergone an amazing transformation while keeping its mid-century spirit. An entirely new kitchen with custom wooden cabinetry, dishwasher, integrated oven and stove looks onto expansive city views. Boasting a North facing living area leading onto a lush balcony, this designer home has large, light-filled windows, two spacious bedrooms with BIR, wooden floorboards, and substantial storage throughout. A cleverly re-freshed laundry and bathroom, with separate bath and reverse cycle air-conditioning complete this beautiful apartment. Including OSP and located at the top of Ruckers Hill, with the buzz of High Street, public transport and the sanctuary of Merri Creek within easy walking distance, this property is unbeatable.
