Auction

Investors, Renovators and First Home Buyers take a look at this one !Holding an elevated position on the northern side of Wingham this quaint brick veneer home offers much more than meets the eye.The large block will appeal to growing families with plenty of space, with a large colourbond shed providing a secure space for all your toys and hobbies. A single car garage adjacent to the house joins a shade house and covered alfresco space with an additional enclosed workshop/storage space .Inside the home a good size air conditioned lounge room gives way to a separate kitchen and dining area. The master bedroom has its own ensuite and built in wardrobe, bedrooms 2 and 3 are generously proportioned, while the smaller 4 bedroom could double as an office or home gym space.With scope for further improvements, and DA Approval granted (STC) for subdivision the potential on offer here cannot be denied.
