Spectacular In Scale And Style A renovation that was comprehensive in its reach and compelling in its range has ensured this home's classical period origins are accompanied by a series of superb modern spaces. Five bedroom, four bathroom accommodation highlights the outstanding family credentials of a design featuring a choice upstairs or downstairs main bedrooms, each served by a walk-in robe and an impressively appointed double shower, dual vanity ensuite. In addition to the flexibility such accommodation offers, the flair with which the bathrooms are finished and the welcoming personality that each bedroom projects leave a lasting impression. The calibre is matched by living and dining areas that capture bright natural light from the north-facing rear aspect. Brilliant proportions, matte finished floorboards and a mix of refined and relaxed spaces are complemented by a kitchen of peerless quality, featuring a butler's pantry and a dedicated wine room so it caters to families and connoisseurs alike! A separate formal lounge adds its own character to this fabulous home, framed by landscaped outdoor areas, further enhanced by ample off street parking, walking distance from Wembley Primary School and Wembley Avenue village shops.
