This house is a quality renovation and finished to the highest standard. The design offers multiple living spaces and plenty of off street parking choices, plus the pool - Welcome to 12 Firestone Drive. The brick front fence creates plenty of privacy from the street and also creates the perfect haven for a secluded pool area. Internally the design is quite well thought out with a modern kitchen and appliances with separate dining and two living spaces. The plantation shutters are set throughout the house and complement the timber floors that are seen throughout the home. There is also an undercover outdoor area which is the perfect bbq space plus grassed backyard. Location and design is clever on all accounts with the master bedroom tucked away at the back of the house, ensuring privacy. The master bedroom is of good size with a separate walk-in robe plus ensuite with brushed nickel fittings, neutral tones, VJ feature wall and beautifully finished. The main bathroom reflects the design of the ensuite with the inclusion of a main bath and separate toilet. The three bedrooms are complete with timber floors, plantation shutters, ceiling fans and their own robes. This large and spacious area with epoxy flooring makes a handy extra area and currently has sliding doors. It could easily be switched back to garaging if required, however its current setup with storage is great as an entertaining area or teenage retreat. The current layout offers two car spaces plus side access for boat, caravan or trailer. This tastefully finished modern home offers easy contemporary living and is a stand-out property in the current market. Do not miss your chance. @ Tate Brownlee Real Estate we open the doors to your future.
