## **Auction This Saturday 12PM**

When you're standing on the front porch looking out across The Dandenong Range mountains, it's easy to appreciate why the Bailey Heights estate is so tightly held. Zoned for Templeton Primary, Wantirna College (STSA) and just a 5min walk through the park to Westfield Knox, this immaculate family home offers one of the most spectacular mountain outlooks along meandering Gateshead Dve, with an elevated 834sqms (approx.) to nurture your dreams. The red brick veneer presents in pristine condition, ready to welcome you with bright family living and beautiful mountain views from almost every part of the ground floor. The natural connection between the kitchen, front lounge and family room encourages free flowing movement across the main living space, with a lovely al fresco space for outdoor entertaining. An extension adds a top floor master bedroom with ensuite suited to separate living, completely private for parents or young adults wanting a private escape. There's a lot to love, and plenty to dream about from this exclusive position, with vision to create a magnificent modern home like the showpiece French Provincial next door at number 10, with shopping, dining, parks and transport connections on your doorstep, and beautiful surrounding parkland and sporting facilities including the Blind Creek Trail, Lewis Park and Knox City Tennis Club.
