$1,840,000

The street presence of this exceptional home reflects its c1875 origins while behind the charming façade its spaces reveal the style and success of its comprehensive renovation - it's a brilliant example of a Williamstown worker's cottage that has adopted an identity that's entirely attuned to the contemporary era. Dual downstairs living domains include one accompanied by a welcoming fire-place and a bar, its counterpart featuring an open-plan kitchen with stone benches, quality appliances and a walk-in pantry. To the rear, bi-fold doors on two aspects create a seamless link to desirable decking and a landscaped backdrop. 4 bedrooms and 2 superb fully-tiled bathrooms arranged over upstairs and downstairs levels deliver luxury to a design that's enhanced by a bright, flexible retreat - every room is instantly inviting. An address that's quiet yet convenient, peaceful yet offering ideal proximity to shops, cafes and the water, Macquarie Street is complemented by lots of off street parking and a strong sense of community - a coveted setting for this compelling home.
