\$680,000

Located in a quiet cul-de-sac in the Calare Public and Orange High School zones, this beautifully presented three-bedroom home has much to offer its new owners. The formal lounge room is generously proportioned with an east facing bay window, the main living area is semi open plan with adjoining dining and sitting areas and boasts lovely northerly sun. There is a large kitchen with lots of cupboard space, split system air conditioning and natural gas heating. There are built ins in all 3 bedrooms, separate toilet, shower and bath in the bathroom plus a very handy rumpus room or office downstairs. An added bonus is the under house storage, and there's room enough beside the home for the caravan or boat. This is a great investment property or a warm and welcoming family home that is ready to move into.
