In an established, shady street of quality family homes we have this flawlessly presented three-bedroom residence. You'll be inspired by the dependability on offer here, by the slick finishes and the exceptional craftsmanship. Comfort and practicality perfectly co-exist, making this one property that's worth an inspection! Arriving at the lowset home, a lovingly maintained front yard and an eye-catching exposed brick façade greet you. A wide driveway leads to the double lock-up garage, while a front porch invites you into the homely interiors. An expansive, light-filled and open-plan living area greets you, where a combination of timber floors and carpets makes you feel immediately at home. The living, dining and kitchen seamlessly flow into each other in a manner entertainers will love, while split-system aircon ensures comfort throughout the seasons. Sliding glass doors lead to a screened balcony, where elevated views of the large, fenced yard below and the greenspace behind are tranquil and relaxing. There is ample room outside for kids and pets to play! The three bedrooms all have built-in robes, and the master comes with an ensuite bathroom with shower, vanity and toilet. There's a main bathroom too with a shower and bath, plus a toilet in a separate room. An internal laundry sits in an unobtrusive location and has external access. The Corso is a sought-after street in a quiet pocket as you enter Forster. There's no sacrifice of convenience though, as it's just a six-minute drive from Stockland Forster Shopping Centre, and nine minutes to the centre of town. Shops, restaurants, cafes and amenities are all nearby, as are the famous Forster beaches we all love so much! Get in touch with the JKL team now with all your questions. We'd love to hear from you.
