Located in a world class location, this home will resonate with anyone who has spent time in Tuscany, with the added benefit of being only meters from the ocean. Built using antique timber, tiles, lighting, and accessories shipped in from France and Italy, its convincingly authentic but still has a strong beach vibe. Offering generous accommodation, the floor plan is very flexible with rooms that are multi-functional. If you are looking for a unique home, in a premium pocket, with potential to still add value, then this is a must see.*Please note that while best effort is made to ensure rates are correct at time of listing, they are provided for reference only and may be subject to change.
